

EDEN PARK ILLUMINATION, INC. 3,000 HOUR LIMITED WARRANTY

WARRANTY COVERAGE

Eden Park Illumination, Inc.'s warranty obligations are limited to the terms set forth below: Eden Park Illumination, Inc. ("EP") warrants this hardware product against defects in materials and workmanship for a period of 3,000 working hours from the date of original purchase. If a defect exists, at its option EP will (1) repair the product at no charge, using new or refurbished replacement parts, (2) exchange the product with a product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original product, or (3) refund the purchase price of the product less amortized hours on the warranty, i.e., if warranty is claimed after 1,500 working hours out of the 3,000 warranty hours, 50% of the purchase price will be refunded. A replacement product/part assumes the remaining warranty of the original product or ninety (90) days from the date of replacement or repair, whichever provides longer coverage for you. When a product or part is exchanged, any replacement item becomes your property and the replaced item becomes EP's property. When a refund is given, your product becomes EP's property.

Eden Park Illumination products include ballasts, lamps and the connections between them. Our specifications and warranties are intended only for those complete standard products. These products undergo extensive testing and qualification at Eden Park. Changing or altering any of these components, including customization requested by customers and delivered by Eden Park, or any customization done after the product leaves Eden Park could affect the performance of the overall system and would void our warranty(s). Eden Park would not be able to guarantee that customized products would meet our published specifications.

The process for Eden Park to guarantee performance of and extend warranty coverage to customized products entails creating product documentation, extensive testing, manufacturing process, etc. which would be quoted separately. These quoted fees would be due in advance of beginning of the process. Eden Park reserves the right to refuse performance guarantees and warranty coverage for any and all customized products that do not go through and pass this process.

OBTAINING WARRANTY SERVICE

If you purchased the product in the U.S. and Canada, deliver the product, at your expense, to EP. If you purchased the product outside of North America, please contact your reseller so they might assist you in facilitating the return. If the product cannot be repaired or replaced in the country it is in,

it may need to be sent to a different country or returned to the country of purchase at your expense for repair or replacement. Prior to returning any product to EP, please contact EP via phone or email to secure a Return Merchandise Authorization number (RMA#). The RMA# is very important to tracking your return and making sure it is processed as quickly as possible. Your RMA# should be written on the outside of your packaging so it is clear and visible.
